FR 451 FRENCH LANGUAGE IN CONTEXT: COMPETENT ABROAD I
IES Abroad Paris

DESCRIPTION:
Research has demonstrated that study abroad can enhance every aspect of language ability. One of the most important general findings of this research is, however, that study abroad is most beneficial for the development of abilities related to social interaction. Students who go abroad can learn to do things with words, such as requesting, apologizing, or offering compliments, and they may also learn to interpret situations calling such speech acts in ways that local people do. In short, and logically, study abroad has been shown to enhance the aspects of communicative competence that are most difficult to foster in classroom settings (IES Abroad MAP for Language and Intercultural Communication, p. 6).

Students entering this level can succeed in a wide range of university courses designed for native speakers, provided they have met any prerequisites. Before registering, they should consult with the appropriate IES Abroad academic advisor on course selection.

- Final Exam - 20%

Texts or videos will be used as a basis to oral debates and accompanied by questions of comprehension. Two written assignments will be due during the semester, and two tests will help the students prepare the mid-semester exam as well as the final exam. The professor will ask them to memorize the studied points as well as a list of vocabulary.

Every weekend, the students will send on Moodle a sentence containing a « word of the day » received during the week (acquisition of vocabulary).

The final test will account for 20% of the final note of the class. This test will include exercises dealing with:

Written comprehension (text with questions)

LEARNING OUTCOMES:
By the end of this course, students will be fully able to meet the demands of living and working in the host culture. They will be able to communicate accurately, vividly, and expressively with their hosts on most topics. Students who succeed in this course will be
able to function in a professional setting and to undertake further personal or professional projects in the host culture. Students will be able to understand local cultural attitudes, values, beliefs, and behavior patterns well enough to make informed choices about which cultural features they would like to adopt or need to adopt in order to live harmoniously in the local culture (IES Abroad MAP for Language and Intercultural Communication).

ATTENDANCE POLICY:
Attendance is mandatory for all course meetings, including visits. Absences and lateness will affect your ability to master class content. In addition, your final grade will be lowered by 1/6 of a letter grade for each absence.

For example:

- Final grade : A-.
- 1 absence = A-, 2 absences = B+, 3 absences = B+, 4 absences = B ...

Being more than 15 minutes late to a course counts as an absence. 3 late arrivals (less than 15 minutes) count as an absence.

If a student misses more than 25% of class time, s/he will receive an F in the course.

Assignments and presentations missed because of absences will be given the grade of F.

When absences occur, students must inform their teacher and the French Studies Academic Coordinator as soon as possible (amilan@iesparis.org). In some instances (sickness with doctor’s note for example), absences may be excused. If a student believes that an absence should be excused, he or she must contact Scott, Seth or Alexandra.
