

# University of Cape Town Course Preference Form

To prepare you for your enrollment with the University of Cape Town (UCT), you need to list which classes you plan to take, which requires you to download the appropriate Faculty Handbooks from the [UCT Handbooks page](http://www.uct.ac.za/apply/handbooks/) (<http://www.uct.ac.za/apply/handbooks/>). International students may enroll in all faculties except Law and Health Sciences. There is not much course turnover at UCT, so you may use the current semester's handbooks as a guide to courses that will be offered when you are abroad.

33 W. Monroe, Suite 2300  
Chicago, IL 60603-5405  
Toll Free: 800.995.2300  
Tel: 312.944.1750  
Fax: 312.944.1448  
[www.IESabroad.org](http://www.IESabroad.org)

You will only take 3-4 classes at UCT, but you should list **at least 5 courses** that you might want to take in order of preference. Please list your courses in the provided space below. **Do NOT** include any IES Abroad courses in your list below. After you are accepted, you will register for this course separately.

Note that each course code ends in a letter that indicates the term in which the course is offered:

- F-First semester, February-June
- S-Second semester, July-November
- W and H-Whole year, February-November, not available for semester students
- X and Z-Non-standard period

**Therefore, IES Fall students must select courses that end in "S" and IES Spring students must select courses that end in "F." You may only list courses that are being offered in the term you are going abroad.**

**Students will be limited to ONE 1000 level course. Please only list two (first choice and back up) 1000-level courses on form.**

Also, remember that you must take one South Africa-focused elective. For example, an IES student could select any of the courses below:

- AXL2200S** Culture, Identity and Globalisation in Africa
- ELL2010S** African Literature and Language Studies II
- HST2031S** Southern Africa in the Twentieth Century
- HST3006S** Photography in South Africa: 1860 to the present
- REL2045S** Religion in Africa
- SOC3008S** Democracy, Social Change and Development in South Africa
- AGE2012F** Southern African Hunters and Herders
- FAM3005F** Film in Africa and South Africa

If you do not wish to take any of these courses, you may select another South Africa-focused elective.
